Archer Austin Receives Four Stars in Forbes Travel Guide's 2021 Star Awards

**Boutique Hotel in Heart of Domain NORTHSIDE
Celebrates with Special Rates for Texas Residents,
Up to 25% Off Plus \$20 Cocktail Credit**

Austin, TX – February 22, 2021 – The Lone Star State just earned a few more stars as [Archer Hotel Austin](#) received a **Four-Star Rating** in [Forbes Travel Guide](#). This world-renowned achievement and only global rating system for luxury hotels, restaurants and spas, was just unveiled on its annual Star Rating list.

The hotel is inviting its Texas neighbors to come celebrate with its [Texas Resident Rate](#), offering discounts of up to 25% off plus a \$20 drink + dine credit to toast to this achievement.

The hotel's luxe accommodations with five-star bedding, kimono cotton Frette[®] robes, in-room Nespresso[®] coffee experience and Texas-chic touches throughout, certainly played into the recognition. Each of the 171 varying guestroom layouts is designed to have a different feel, with six design palettes. Just as no two bedrooms in a home would be alike, the feel of Archer's "residences" is meant to offer a variety of experiences across the accommodations. Canopy beds, varying headboards and footboards, large free-standing soaking tubs, and sliding glass doors creating indoor/outdoor spaces, are just some of the details that make Archer Austin unique from room to room. The king and one-bedroom balcony suites boast fireplaces on the canopied balconies.

"This has been the year of all years to honor our small, but sincere and incredibly safety-conscious team at Archer Austin," said General Manager Ric Mussi. "It takes focus and heart to deliver anticipatory, sincere service and create memorable experiences for our guests — but to remain mindful of those goals while also obsessing over the wellbeing of our guests, our team and our community during a pandemic, requires even more. I'm in awe of every member of our team and thankful to each guest who trusted us as their host."

Forbes Travel Guide is recognized for creating the original concept of Five-Star service, and Archer Hotel Austin repeats as a Four-Star recipient for a second year to its illustrious annual Star Rating list.

“These 2021 award winners are a testament to the resiliency of the hospitality industry,” said Filip Boyen, CEO of Forbes Travel Guide. “During an unprecedented time, these top properties adapted to numerous adversities all while maintaining high service levels and ensuring the health security of their guests and staff.” He added, “We hope that these excellent properties will inspire travelers for when they are ready to venture out on their next trip.”
